Wimbledon Men's Singles 2011

The ATP top four of Nadal, Djokovic, Federer and Murray seems rock solid at the moment with few others getting a look in but Wimbledon can throw up wildcard champions as easily as top seeded ones. It's not just the prestige of winning the Championships that every player strives for but it might also have something to do with the £14.6 million in prize money.

Wimbledon Women's Singles 2011

The Williams stranglehold on the womens singles championship at Wimbledon has only been broken twice this millennium by Maria Sharapova in 04 and Amelie Mauresmo in 06. Serena will look to equal her sister's tally of five singles titles and her third on the bounce but Sharapova is fancied again and may be the one to cause the upset.

Rugby World Cup Winner 2011

New Zealand is the venue for the 2011 Rugby World Cup where the hosts are hot favourites for the Webb Ellis trophy. Despite their recent dominance the All Blacks have failed to turn up in this tournament since winning the inaugural event in 1987. Meanwhile Australia have featured in three finals winning twice, holders South Africa were previous champions in 1995 and England have just the one victory to their name as a result of the famous Jonny Wilkinson drop kick in 2003.

Featured Review For The Week

14th of June – A bad day at the office for Karl!

Poor Karl had two failed services on the 14th June – Karl, trying services, so you don't have to!

Rob's Motor Racing Selections Final Review

Hello Bloggers,

Oh dear, oh dear, where on earth do I start, when I got offered the review of *Rob's Motor Racing selections* I was quite pleased as I hoped it would be an excellent service, however the cracks quickly became obvious!

The cost of Rob's Motor Racing selections service is £29.99 per month.

It had been planned to review this service for the entire F1 season, BUT, results to date have been so appalling that it has been decided that enough is enough.

If that wasn't enough, Karl also had a final review for **USA King of Sports**

...there are several concerning factors for me with USA King Of Sports.

I am not sure the author has any idea if he is having a winning month or losing month, quite often you get a bravado email saying how great his service is and is delivering a constant stream of winners, yet you could be sitting on a loss! (June is currently 15 points down)

The author promised that he had NEVER had a losing month.....(this is where I need a red buzzer) He had a losing month in the second month of proofing and is currently heading for another this month, yet no mention of this in any emails.

Members received an email saying feel free to play flat stakes.....(red buzzer pressed again) Flat Stakes are awful, never once looking like winning, always going down, which shows he perhaps never actually looked at it before making that statement.

Thanks Karl, trying services, so you don't have to!
